Reflections

Through the mirror of my
mind, time after time.

I see reflections of you and
me.

Reflections of the way life
used to be.

ADMINISTRATION

The value of a yearbook cannot easily be measured. It has special significance for students because each is personally included. It is the record of a year of life in school. It reveals and reminds us of the events that have made it great. A school is bound together by spirit and tradition. This yearbook is a significant part of that tradition. It is an honor and a privilege to have a part in the Amistad for 1969.

AUTOGRAPHS

A photograph of a sunset over the ocean. The sky is a deep orange, and the sun is low on the horizon, creating a bright reflection on the water. The water is dark with some white foam from waves. In the bottom right corner, there is handwritten text in black ink.
