The 1988 Okizu yearbook staff dedicates this yearbook to Mr. Richard Cunnison for his loyalty and understanding towards the students of N.N.C. Although he has left us, our thoughts go with him. We will always remember our ex-principal, Mr. Cunnison.

Okizu means united. We feel united in friendship with Mr. Hamilton, for all the kindness, good humor, and patience you have shown. The students of N. N. C. will always remember you as we go on through the years.

The days and hours of yearbook planning, copy writing, making layout pages and more than careful planning are over. The yearbook is complete. We have created an image again. It is a new start. We are very proud of our work and to all who have contributed in any way we give our deepest thanks. We hope that our image will go on and on through the years to come.
